Psychologist, PORTUGALLO

Between 2011 and 2013 José Ornelas was one of the researchers of Housing First Europe, a social experimentation project on the EU level, developed, and funded by the European Commission.

This project brought together projects in several European cities, including five test sites where the approach was evaluated (Amsterdam, Budapest, Copenhagen, Glasgow and Lisboa), and facilitated the exchange of information and experiences with other cities where Housing First programs were planned or already implemented (Dublin, Gent, Gothenburg, Helsinki, Lille, Marseille, Paris, Toulouse and Vienna).
