In questa *Maison de la Paix* ho trascorso giorni indimenticabili. Offro l'incenso antico del mio Oman: nei periodi bui, come in una camera oscura, si sviluppano le immagini più radiose. Questo luogo è la camera oscura per sviluppare il nostro futuro di pace.

I have spent some memorable days in this Maison. I offer traditional incense from my country, Oman. In difficult times, as in a darkroom, you can develop your most radiant images. This place is a darkroom where we develop the peace of our future.
